DGPS Rugged PDA

GIS ONE is a powerful tool that integrates the most modern communication technologies and a DGPS high precision receiver.

The powerful CPU PXA310 806 MHz and a big memory ensure high computing speed when using huge files or database.

Built in Smartphone allow GIS ONE to be used as a versatile tool for Shipyards Hiking, Security, GIS building and many other outdoor applications.

GPS navigator, photcamera and so many wireless interfaces on board allow you to stay connected and capture data wherever the fast WiFi 802.11bg Bluetooth 2.0 or GSM Phone 3band/HSDPA can be used.

Robust, industrial grade IP54 and resistant to 1.8 m. drops, provides an impressive working time due to huge capacity battery.

Specifications

Physical

Depth: 28 mm
Width: 72 mm
Height: 149 mm
Weight: 250 g.

Electrical

Battery charger: 5 V, 1000 mAh, even from USB
Battery: 4.2 V 3100 mAh

Interfaces

USB, Bluetooth, WiFi 802.11 B/G, RS232
GSM / HSDPA 3 Band

Electronic

CPU: PXA 310 806 MHz
Memory: 768 MB (exp)
Display: TFT colour 3.2", Touch screen
Resolution: 240 x 320
Expansion: Micro SD slot (up to 16GB)
Indicators: Led, speaker, vibrator
Keys: Numeric / Alpha / Function / Volume
Camera: 3 Mpix
GPS: Ublox LEA-6T Differential GPS

Operating

Operating system: Windows Mobile 6.5 / 6.1
HSDPA Modem / 3band GSM phone
Vibrator and Hand free supported
3 Mpixel Colour Photocamera
Working time over 8 hours

Accessories

Hand Strap
Protective case with belt clip
Spare Battery

Environmental

Protection: IP 54 splash proof
Operating temperature: -10° to 50°
Storage temperature: -20° to 70°
Humidity: 20% to 95% RH (non condensing)
Drop test: 1.8 mt
