PD-390 3
Rugged Mobile Terminal

PD390 3 is a powerful PDA with high computing power thanks to the remarkable CPU CORTEX A8 running at 1000 MHz, several wireless communication modes and the ability to read bar codes by the built in scanner.

Can be used as, PDA, GPS, Smartphone and Camera a real pocket office to stay On line anywhere via the fast 802.11g WiFi, Bluetooth or the 3G/HSDPA.

Very strong, industrial grade IP54 and resistant to 1.8 m. falls, provides long operating time by the 3600 mAh high capacity battery and 1GB total memory.

PD390 3 is certainly the most complete industrial PDA, at the moment, designed for professional and high-level business.

GSM® | GPRS General Packet Radio Service | HSDPA | GPS

Bluetooth® | WiFi | USB UNIVERSAL SERIAL BUS

Specifications

Phisical

Depth: 28 mm
Width: 72 mm
Height: 147 mm
Weight: 250 g.

Electrical

Battery charger: 5 V, 1000 mAh, even from USB
Battery: 3.7 V 3600 mAh

Interfaces

USB, Bluetooth, WiFi 802.11 B/G, RS232
GSM / GPRS / EDGE / HSDPA

Electronic

CPU: CORTEX A8 1000 MHz
Memory: 1GB (exp)
Display: TFT 3.2" 320x240, Touch screen
Barcode reader: High speed Linear Imager
Expansion: Micro SD slot (up to 16GB)
Indicators: Led, speaker, vibrator
Keys: Numeric / Alpha / Function / Volume
Camera: 5 Mpix
GPS: Ublox AGPS

Operating

Operating system: Windows Mobile 6.5
HSDPA/3G/GPRS/EDGE Modem
Vibrator and Hand free supported
Barcode scanner, 5 Mpixel Colour camera
Working time over 8 hours

Accessories

Hand Strap
Protective case with belt clip
Spare Battery
Desktop cradle

Environmental

Protection: IP 54 splash proof
Operating temperature: -10° to 50°
Storage temperature: -20° to 70°
Humidy: 20% to 95% RH (non condensing)
Drop test: 1.8 mt

Quality hardware for BARCODE

CE | RoHS LEAD FREE
