PD-390 LT3

Rugged Mobile Terminal

PD390 LT3 is a powerful PDA with high computing power thanks to the remarkable CPU CORTEX A8 at **1000 MHz**, several wireless communication modes and capable to read bar codes by the built in scanner.

Can be used as a real pocket office to stay On line everywhere via the fast 802.11g WiFi or Bluetooth.

Very strong, industrial grade IP54 and resistant to 1.8 m. falls, provides long operating time by the **3600 mAh** high capacity battery, and **1GB** total memory

PD390 LT3 is certainly the most complete industrial PDA as well as an award winning cost effective device designed for professional and high-level business.

Bluetooth **WiFi**

USB UNIVERSAL SERIAL BUS

Specifications

Phisical

Depth: 28 mm
Width: 72 mm
Height: 147 mm
Weight: 250 g.

Electrical

Battery charger: 5 V, 1000 mAh, even from USB
Battery: 3.7 V Li-Po **3600 mAh**

Interfaces

USB, Bluetooth, WiFi 802.11 B/G, RS232

Electronic

CPU: CORTEX A8 **1000 MHz**
Memory: **1 GB** (exp)
Display: TFT 3.2" 320x240, Touch screen
Barcode reader: High speed Linear Imager
Expansion: Micro SD slot (up to 16GB)
Indicators: Led, speaker, vibrator
Keys: Numeric / Alpha / Function / Volume

Operating

Operating system: Windows Mobile 6.5
Vibrator and Hand free supported
Linear Imager, Barcode scanner
Working time over 9 hours

Accessories

Hand Strap
Protective case with belt clip
Spare Battery
Desktop spare battery charger

Environmental

Protection: IP 54 splash proof
Operating temperature: -10° to 50°
Storage temperature: -20° to 70°
Humidy: 20% to 95% RH (non condensing)
Drop test: 1.8 mt

Quality hardware for BARCODE

CE RoHS LEAD FREE
